

# SEA

SECURE ERIE ACCELERATOR

SEA, which stands for Security Erie Accelerator, is the first of its kind startup **accelerator** focused on solutions for securing the massive amounts of data and devices for smart cities. Located in Erie Pennsylvania, SEA is part of the Erie Innovation District, a unique private/public partnership designed to scale business in the Midwest.

Looking for startups and teams in:

- Network Security
- IoT
- Insurtech/Telematics
- Blockchain
- Web / Mobile Security
- Data Security and Analytics
- Identity Security
- Transactional Security
- Cybersecurity, as it relates to the development and operation of a smart city
- AI/ML

**\$100,000 investment per team**

**Application Close: 4-June**

**Program Start: 16-July**

**Program End: 21-Sept**
